

Mazor Robotics Reports Orders for Four Renaissance Systems During the Second Quarter of 2014

CAESAREA, Israel –([BUSINESS WIRE](#))– Mazor Robotics Ltd. (TASE:MZOR; NASDAQ GM:MZOR), a developer of innovative guidance systems and complementary products, announced today that it received orders for and delivered four Renaissance systems, two in the U.S. and two in international markets, in the second quarter which ended June 30, 2014. Of the four systems, one included the recently launched brain surgery module.

Today’s announcement was made in accordance with Mazor Robotics’ disclosure policy of announcing the total number of Renaissance systems orders in the quarter immediately after the end of the quarter. Mazor Robotics will announce the second quarter financial results in early August.

“Interest on the part of surgeons to acquire the Renaissance system reached all time highs, and clinical results from the use of our system continue to be outstanding. As a result, our system order pipeline remains strong,” said Ori Hadomi, CEO of Mazor Robotics. “The first U.S. commercial order of our recently released brain surgery module from a new customer as part of its Renaissance installation represents a new milestone for Mazor. The brain application is gaining interest with new and existing customers. During the quarter we faced extended administrative approval processes for system orders by additional potential customers. We currently expect these additional system orders to be concluded during the second half of the year.”
