

Mazor Robotics Receives Order for 50th Renaissance System in the US
CAESAREA, Israel –(BUSINESS WIRE)— Mazor Robotics Ltd. (TASE:MZOR; NASDAQGM:MZOR), a developer of innovative guidance systems and complementary products, announced today that it received the 50th purchase order for the Renaissance system in the US. The system will be installed in a 160-bed acute care hospital in Virginia, making it the third Renaissance system to be installed in the state, and the second to be installed in Virginia this quarter.

Together with the recent milestone of 10,000 cases the 50th purchase order in the US is a significant achievement for Mazor and reflects the growing interest of Renaissance technology, commented Ori Hadomi, Chief Executive Officer. To date we have sold three systems in the quarter, two of these were sold in Virginia which demonstrates that our strategy to penetrate new domestic markets is achieving the desired results.

In accordance with Mazor Robotics disclosure policy, the Company will announce the total number of system orders for the second quarter ending June 30, 2015 following the end of the quarter.
