

Mazor Robotics Reports it Received Purchase Orders for Seven Renaissance Systems During the Second Quarter of 2015

CAESAREA, Israel –(BUSINESS WIRE)– Mazor Robotics Ltd. (TASE:MZOR; NASDAQGM:MZOR), a developer of innovative guidance systems and complementary products, announced today that it received purchase orders for and delivered seven Renaissance systems and one system upgrade in the second quarter ended June 30, 2015.

Six of the systems were delivered to U.S. hospitals and one was delivered to Spain. The Company ended the quarter with 93 Renaissance systems installed globally, with 53 in the U.S., the Company's primary growth market, compared with 72 and 39 systems for the second ended June 30, 2014, respectively.

"Our results in the second quarter demonstrate solid execution by our global sales and marketing team," said Ori Hadomi, Chief Executive Officer. "The quarter reflects the successful implementation of several key initiatives, such as engaging with the hospital c-suite earlier in the sales cycle to have a better understanding of their process and level of commitment as well as expanding into new metropolitan markets. These continuing efforts together with the market's increasing awareness and interest in Renaissance give us momentum as we enter the second half of 2015."

The Company currently intends to report its complete financial results for the second quarter ended June 30, 2015 on July 28, 2015.
