

Mazor Robotics Received 22 System Orders During Q3 2017; Expects to Report Record Quarterly Revenue

CAESAREA, Israel – October 9, 2017 – Mazor Robotics Ltd. (TASE: MZOR; NASDAQGM: MZOR), a pioneer and a leader in the field of surgical robotic systems, expects to report record revenue of approximately \$17.2 million for the third quarter ended September 30, 2017. During the third quarter of 2017, the Company received a total of 22 system purchase orders from customers in the U.S., Asia and Israel.

The 22 orders are comprised of:

- 19 purchase orders for the Mazor X™ system, of which 11 were ordered by Medtronic. As of September 18, 2017, Medtronic assumed full responsibility for the distribution of the Mazor X system, as part of the second phase of the commercial agreement between the companies. Five of the Medtronic ordered systems were delivered in Q3.
- A purchase order for three Renaissance systems from the Company's distribution partner in China, one of which was delivered in Q3.

"This quarter we transferred to Medtronic members of our talented capital sales team along with a solid sales pipeline. This transition was performed in a smooth and effective manner and we maintained robust sales activity during the transition period," commented Ori Hadomi, Chief Executive Officer. "The continued strong performance in the third quarter of 2017 reflects the increased demand and interest in Mazor's robotic platforms."

Mazor's system backlog at the end of the third quarter was 17 systems (15 Mazor X and two Renaissance systems). The Company intends to report its financial results for the third quarter ended September 30, 2017 on or about November 7, 2017 and will issue a press release with the specific time, dial-in credentials and webcast details.
