

Mazor Robotics Joins Tel Aviv Stock Exchange (TASE) Top 75 INDEX and Top 100 INDEX

CAESAREA, Israel – December 12, 2013 – Mazor Robotics Ltd. (TASE: MZOR; NASDAQCM: MZOR), the developer of Renaissance®, an innovative surgical guidance system and its complementary products, announced today that it will be included in both the Tel Aviv Stock Exchange (TASE) Top 75 Index (TA-75) and Top 100 Index (TA-100), effective December 15, 2013.

“We are very pleased to be included in these prestigious indices, which includes leading companies based in Israel,” said Ori Hadomi, Chief Executive Officer. “This achievement reflects our performance in 2013 and confidence in our long term growth prospects. Furthermore, I believe this will increase our exposure among investors and will serve to broaden our shareholder base.”

The TA-75 is a [share index](#) of the 75 most highly [capitalized](#) companies listed on the [TASE](#), which are not included in the TA-25 index. The TA-100 Index, typically referred to as the Tel Aviv 100, is a [stock market index](#) of the 100 most highly [capitalized](#) companies listed on the TASE. The TASE is the only public market for trading securities in Israel, playing a major role in the [Israeli economy](#). TASE lists some 622 companies, about 60 of which are also listed on stock exchanges in other countries. TASE also lists some 180 exchange-traded funds (ETFs), 60 government bonds, 500 corporate bonds, and more than 1,000 mutual funds.

About Mazor

Mazor Robotics (TASE: MZOR; NASDAQCM: MZOR) is dedicated to the development and marketing of innovative surgical robots and complementary products that provide a safer surgical environment for patients, surgeons, and operating room staff. Mazor Robotics' flagship product, Renaissance®, is a state-of-the-art surgical robotic system that enables surgeons to conduct spine surgeries in an accurate and secure manner. Mazor Robotics systems have been successfully used in the placement of over 35,000 implants in the United States and Europe. Numerous peer-reviewed publications and presentations at leading scientific conferences have validated the accuracy, usability, and clinical advantages of Mazor Robotics technology.

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statements in this release about future expectations, plans or prospects for the Company, including without limitation, statements regarding our growth prospects, increasing our exposure among investors and broadening our shareholder base, the clinical and economic benefits of Renaissance, and other statements containing the words “believes,” “anticipates,” “plans,” “expects,” “will” and similar expressions are forward-looking statements. These statements are only predictions based on Mazor's current expectations and projections about future events. There are important factors that could cause Mazor's actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by the forward-looking statements. Those factors include, but are not limited to, the impact of general economic conditions, competitive products, product demand and market acceptance risks, reliance on key strategic alliances, fluctuations in operating results, and other factors indicated in Mazor's filings with the Securities and Exchange Commission (SEC),

including those discussed under the heading “Risk Factors” in Mazor’s registration statement on Form F-1 and in subsequent filings with the SEC. For more details, refer to Mazor’s SEC filings and the amendments thereto. Mazor undertakes no obligation to update forward-looking statements to reflect subsequent occurring events or circumstances, or to changes in our expectations, except as may be required by law.
